SMALL BULK OIL PROGRAM

Do you have an annual volume purchase of 250 gallons or more per lubricant product?

If yes, the Small Bulk Oil Program is for you.

Quality Lubricants. Convenient Delivery. Cost-Effective Savings.

04

WHY BULK IS BETTER

This cost-effective, convenient solution offers an array of benefits, including:

- **Cost Reduction:** Lower price compared to packaged products (pails/drums/totes)
- **No Extra Charges:** Oil is pumped directly into your bulk storage tank, eliminating handling, storage and disposal costs
- **Minimal Residue Oil Waste:** Reduces the amount of residue left in drums and totes, which can average a minimum of 2% waste
- **Storage Tanks*:** If you convert to the Small Bulk Oil Program, you may be eligible to receive a 180 gallon or large tank for each product
- **Cleaner Products:** Reduces contamination risk and disposal requirements associated with drums and packaged products
- **Free Delivery:** No charge to deliver directly to your farm

* Any customer that converts from a competitive oil to the Small Bulk Oil Program may be eligible to receive a 180 gallon or larger tank for each competitive product moving onto the Leading Lubricants Program, while supplies last.
